

The Woodlands Township

#SitSafe

The safety of our passengers is the top priority for Woodlands Transit. This is why we're taking extra precautions on each and every route. Please note the following safety procedures presently in effect.

Disinfecting and Sanitizing Schedule

All buses are being disinfected twice daily using Vital Oxide, a medical-grade disinfectant, which is being applied with an electrostatic sprayer.

Personal Protective Equipment

Drivers have been issued facial masks and instructed to wear them while on duty and driving.

Social Distancing

Passenger seats are marked with signage instructing passengers to sit in marked seats to allow for social distancing. Buses will have a maximum passenger capacity of 23 passengers. Spare buses will be staged at the Park & Ride locations until full service has resumed to accommodate overflow passengers.

Mobile Ticketing

The mobile ticketing app allows riders to purchase tickets on their smartphones anytime, anywhere and then display them on screen when boarding the bus. Complete details on the app are available online at www.woodlandstransit.com.
